TWO DEAD IN WRECK NEAR THORNDALE

TRUCK AND CAR CRASH ON HIGHWAY FRIDAY

ROCKDALE, Nov. 21.— Mr. and Mrs. Robert B. Lynch of Palestine were killed instantly about 1 p. m. today when their car was in collission with a cedar post-loaded truck two miles east of Thorndale on Highway 79.

"Cooger" Blackmon of Milano, driver of the truck, told investigating officers that the car skidded sideways into his truck. It was drizzling. He escaped injury but his truck was damaged.

Motor of the car was reported thrown 30 feet from the scene of the accident.

Bodies were taken to Phillip and Luckey funeral home in Rockdale. A son, Robert Lynch, Jr., of Kingsville, has been notified.

Identification papers on the couple gave Mr. Lynch's age as 57 and that of his wife 47. A retired Missouri-Pacific railroad conductor's card was found on Mr. Lynch's body.

ROAD MEETING HELD AT MARAK FRIDAY

TO COMMISSIONER COURT CITIZENS THERE HOST

Awakened to the realities of the road situation in Milam county, citizens in the Marak community Friday night were hosts to the Commisioners Court members and a number of citizens here including a delegation from the Chamber of Commerce.

The attendance from the Marak community was large and the meeting was held at the school there.

The Marak community, one of the best of the farm regions in the county has been virtually isolated for years due to the steady deterioration of their roads. The new road from Splawn to Yarrellton has helped some but the road from Marak to Cameron through the Elm Ridge Community is badly needed as well as other roads leading out of that community.

Business men in Cameron Saturday were certain that a good start had been made and this meeting will awaken interest in other sections of the county.

A comprehensive road system for the Marak community will no doubt result from this meeting and delegations will soon be contacting the State Highway Department. Cameron was 100 per cent behind the objects to the meeting.

SWITCHBOARDS ARE ENLARGED IN CITY

CAMERON HAS DOUBLED NUMBER TELEPHONES IN

Two new positions of telephone switchboard will go into operation in the Cameron central office on November 29 to bring improved telephone service to the city and increase the capacity of the board to handle more instruments, according to C. L. Carson, manager of the Southwestern Bell Telephone Company.

By permitting two more operators to sit at the board during busy hours when required and spreading the calls among them, the handling of calls should be improved. Carson said.

The additional positions also will allow for considerable growth of the telephone system here, since they will be able to handle calls for approximately 400 additional telephones. At present nearly 100 people are on the waiting list for telephones in Cameron, according to the manager, but only a few of these will be able to get service as a result of the switchboard installation. Most of the people waiting for service are unable to get telephones bcause lines are not available to connect them to the central office. As soon as cable can be obtained and installed, service will be furnished to all of those on the waiting list.

Cameron has had a steady telephone growth during recent years, Carson pointed out. Since the end of 1940 the gain in telephones has amounted to more than 60 per cent, growing from 738 instruments in 1940 to 1,212 in service today. The 1946 gain was the greatest in the history of the city, with 205 telephones added here that year.

YOEMEN ARE MEETING GATESVILLE HORNETS

HARD BATTLE AHEAD FOR DISTRICT CHAMPS HERE

For the first time this year the Yoemen will be facing a team that will have the weight advantage when they play Gatesville on Wednesday night, November 26.

It will be home coming night and it is no secret that the Yoemen want to please the old grads with a smashing victory. It is not going to be an easy game such as the majority have been this year, because Gatesville outweighs Cameron and besides the Hornets held McGregor to a scoreless tie Friday night, but lost the District.

All was well with the Yoemen. They are in fine shape. Howard Beale, full back, who accidentally cut his right arm, will be ready, despite the injury. This is not a conference game but a scheduled contest within the 10 game limit before bi-district.

Cameron will not know who the bi-district opponent will be until after Wednesday when Burnet and Llano play.

Gatesville comes to Cameron for the first time in the history of the schools. Fans here believe it will lead to a very satisfactory arrangement with the Yoemen going to Gatesville in 1948.

The Gatesville team roster lists 28 men. The starting line up is as follows: At left end will be Belvin Gilmer, 175 pounds; at left tackle will be Clay Davis, 180 pounds; at left guard, Jerry Fredde, 160 pounds; at center Kirby Crawford, 200 pounds; at right guard, Glen Beavers, 153 pounds; at right tackle, George Dysinger, 230 pounds and at right end R. Crawford, 160 pounds. In the backfield Francis Davidson, 140 pounds, Ross Vandiver, 170 pounds; Joe Daniels, 185 pounds, Gene Anderson, 155 pounds.

The Cameron starting lineup will be the same as in the previous two games.

Weather factors pointed to a cold, clear night with a dry field. This should give Cameron a slight advantage due to the speed of the line

(turn to page six)

Santa Claus Letters Wanted

The annual Christmas edition of the weekly Herald will be published on December 18 and will carry as usual letters to Santa Claus. Children of this area are urged to write them early and co-operation in the schools is sought again. The schools have been most helpful in getting these letters to the newspapers.

Remember, write the letters early for only a few days remain.

—THE PUBLISHERS

Says She's Guilty Of Treason; Ate Chicken On Thursday; Confesses

After giving it much serious thought I have decided to confess to treason (Luckman brand). Yes, I had chicken on Thursday. How my conscience has hurt me, especially since I heard Princess Elizabeth's wedding cake was so small! Only 500 pounds! Poor Elizabeth and England! They are sure to starve to death, that is, if we Americans don't give up that selfish habit of eating.

So, fellow Americans, the next time you are tempted to eat that second slice of bread, remember Princess Elizabeth and her wedding cake.

While you are remembering the English princess, remember France is in dire need too. They keep so busy fighting each other and telling us what to wear, they haven't any time to work as we do.

WANDA L. EASLEY,
223 North Mont Clair, Dallas.

Mrs. Robert Lyles Is Freed On Charges of Shooting Her Husband

Mrs. Robert M. Lyles, Jr., of Lake Jackson, Texas, who was charged with fatally shooting her husband in the late summer, has been no-billed by a grand jury in Harris county.

Friends here were notified that no action was taken on the case. Mrs. Lyles is the former Miss Wanda Lee Vaughan, daughter of Mr. and Mrs. Tom Vaughan.

According to information at the time Mrs. Lyles and her husband who had attended a party returned home and a quarrel ensued. In the struggle over a small guage shotgun, the weapon was discharged. Mrs. Lyles told this story of the shooting to officers shortly after the occurance.

Lyles was the son of Mr. and Mrs. Robert M. Lyles, Sr., of Angleton. He was in Houston at the time of his death and was engaged with a contracting firm. The tragedy occured at their tourist cabin home.

Walter G. Marek To Be Postmaster At Burlington Soon

Congressman W. R. Poage has recommended to J. M. Donaldson, first assistant postmaster general, Washington, D. C., that Walter G. Marek have the eligible number one position for appointment of postmaster at Burlington, Milam County, Texas.

Mr. Marek, a disabled veteran, is acting psotmaster at Burlington now, having been appointed to succeed Felix Krause, former postmaster, who resigned to become rural mail carrier at Burlington.—Rosebud News.

Fredricksburg Wins Over Mason 27 to 13

Pressure was put on the Burnet football team last night when Fredricksburg runner up in 32-A District, defeated Mason 27 to 13.

As the teams now stand in that district Burnet is a half game ahead and must win over Llano Wednesday night to win that district.

With the outcome in the balance nothing definite will be known until after Wednesday. If Burnet loses Fredricksburg will be the champs by a game and a half. If Burnet and Llano tie Fredricksburg will win by a half game.

Fredricksburg under the Interscholastic League rules would have to come to Cameron for the bi-district.

Mrs. S. Stephenson is visiting her daughter, Mrs. T. J. Faver.

33 DEGREES HERE TUESDAY

MONDRIK STORE OPENS WEDNESDAY

XMAS. PARTY DECEMBER 4

FORECAST IS WARMER FOR THANKSGIVING

Cameron had a low of 33 degrees Tuesday morning it was reported by L. W. Smith, local observer for the U. S. Weather Bureau.

Mr. Smith said that the low was registered at 7 a. m. The peak of the current cold snap followed a fairly warm night.

The weather chart for the past week has featured rain and a low of 33 and a high of 59. Mr. Smith has given this information to The Herald.

On Friday, November 21 the high was 60 and the low 55. Rain amounted to .11. On Saturday the minimum was 42 and the high was 59 with 1.27 inches of rain. Sunday morning the low was 41 degrees and the Maximum Sunday was 50 with a trace of rainfall. On Monday the minimum was 46 degrees with the coldest weather of the year occuring Tuesday morning.

The forecast for Wednesday and Thanksgiving is for warmer and possible rain in deep east Texas. East winds were due to make football fans a bit uncomfortable but indications were that the weather would be good for Thanksgiving, however rain is not entirely ruled out of the picture.

ATTEMPT MADE TO ROB MAYSFIELD MERC. CO.

Fingerprint experts were on their way to Cameron Monday to make an examination at the store of the Maysfield Mercantile Company in Maysfield.

Sheriff Carl Black reported that an attempt had been made sometime Sunday night to rob the store. One of the large windows at the front of the building had been smashed and also the frame was demolished.

The presence of a considerable amount of blood led officers to believe that the would be robbers had sustained severe injury from glass cuts and had to leave.

The store was not entered. Officers here said that indications were that fingerprints could be easily obtained.

POULTRY SHOW HERE RATED BIG SUCCESS

Central Texas Poultry Show held here November 21 and 22 was a big success despite bad weather.

Bill Arthur, chairman of the Committee on Agriculture and director of the show, was well pleased. The show was sponsored by the Chamber of Commerce and held in the vocational school building on the campus of the old grammar school.

Due to the length of the prize list and the exhibitors, and the further fact that the weekly Herald will be issued on Wednesday, the publication will have to be delayed until next week, but will appear in full.

SANTA CLAUS PARADE AND FREE GIFTS HERE

Cameron's Christmas Holiday season will be inaugurated here Thursday, December 4 with a visit from Santa Claus, a big parade and free gifts for the children.

The Chamber of Commerce is sponsoring the entertainment and ceremonies will be held on the court house lawn.

In addition to the distribution of free gifts for the children a music program will be given. The Yoe High School Band will lead the parade and furnish music for the program.

A hugh Christmas tree will be erected on the lawn and lighted at night and Santa Claus will stand near the tree and give candy and fruit to the children.

Thousands are expected. Full cooperation is being pledged from the city and all organizations. During the war years these parades were suspended and now happily have been renewed.

Santa Claus will be driven through the streets on one of the huge fire engines from the fire department. Streets will be roped off and every precaution made to safeguard the children.

NEW EQUIPMENT MAKES STORE VERY MODERN

A. J. Mondrik's food store in Santa Fe town will re-open Wednesday, November 26 with a food sale that finds a variety of prices on new stocks.

Recently the store was badly damaged by fire. It has been completely rennovated by Mr. Mondrik and much new equipment has been installed to make this food market one of the most modern in this section.

Of special importance is the new market with its brand new refrigeration unit and two new freezing cases. The market is finished in white to harmonize with the general scheme of the interior.

Mr. Mondrik is also installing a new frozen food case and will specialize in frozen foods.

Neon light signs have been installed to indicate the several departments of the store. For the reopening Mr. Mondrik has announced a sale for the remainder of the week. The grand opening will be Wednesday (to-morrow). The store will be closed on Thanksgiving day but opened again on Friday for the big week end business.

Mr. Mondrik has gone to great expense to refinish the store and extends a warm welcome to customers

Rockdale Christmas Party Program To Be Elaborate

MONDAY DEC. 1 IS BIG DAY FOR REGAL CITY

It will literally rain cash and merchandise gifts in Rockdale Monday afternoon, December 1.

The occasion will be the annual Christmas Opening party sponsored by the Young Men's Business League of Rockdale. A feature of the program will be the dropping of several hundred dollars worth of cash and merchandise certificates from an airplane over the business district by jolly old Santa Claus himself.

The airplane shower of cash and gift certificates will occur at 3:30 p. m. All certificates will be redeemable at Rockdale stores, with some certificates good for cash and some for specific merchandise prizes.

The Christmas Opening program will include a band concert by the Rockdale High School Band, carol singing at the community Christmas tree downtown, candy for the kiddies and other features. All Rockdale stores will open their gala holiday displays and announcement of winners in the contest for the best decorated stores, show windows, and residences, will be made at the community tree following the band concert. The Y. M. B. L. has announced $140 in cash prizes in these contests.

Following the gift program at 3:30 the Party will begin at 5 p. m. with the band concert and drill down town. Rockdale's holiday street lighting will be turned on a simultaneously at dusk with the lighting displays in local stores.

POLLING PLACES FOR PEANUT VOTING LISTED

Polling places for the farm vote on the peanut referendum have been listed by the office of the local Federal Farm Service.

Peanut farmers will vote on December 9 to say whether peanut quotas will be in effect next year and whether support prices will be available.

Cameron business men Monday joined in a paid publicity ad for the vote on December 9 to give producers all possible information.

Alva Sanders, manager of the farm offices here, listed the following polling places: At Cameron, the court house; Thorndale, the Co-Op Gin; Maysfield, the Maysfield Mercantile Co.; Rockdale, the city hall; Milano, the Woodman Hall.

PARADE DATE CHANGED FROM DECEMBER 5TH

The Cameron Chamber of Commerce has announced a change in the date of the Christmas Parade to be held this year. The date was tentatively set for December 5th but after a conference with High School Coaches the date has been changed to Thursday, December 4, to avoid any possibility of a conflict with the bi-district football game to be played.

Present plans call for a parade that will be headed by the Yoe High School Band and Santa will make his appearance from a bright red fire truck. Christmas carols will be sung by the Ada Henderson school group and a Christmas address will be delivered by Mayor McCullin. Free candy, fruit and novelties will be distributed to the children.

The city will light a Christmas tree on the Court house lawn and the lights will be turned on at this time.

Canapes offer a wide scope for originality and artistry in makeup. To any family dinner menu one may make it a festive occasion for guests by simply adding a separate course of appetizers. Such a course is the custom in many foreign countries. There are two essentials which must be kept in mind when serving canapes. First, let it be just an appetizer. Second, if it is to be a cold dish, let it be very cold; if hot, very hot.

Book Store Clears Wanderers' Mail

'Postoffice' at Seattle Services Letters for Travelers.

SEATTLE. — A stranger's offhand remark to the proprietor of an old book store nearly 40 years ago started Seattle's Wanderers' postoffice, a novel service through which some 600 globe-trotters get their mail.

It started in 1909, when William Howard Taft was president and Seattle was putting on the Alaska-Pacific-Yukon exposition, celebrating the decade since the great Yukon gold rush, and this is how it began:

A stranger one day strolled into Raymer's old book store, browsed around a bit and played and lost a game of checkers to the proprietor, Charles D. Raymer, who since has died.

As the stranger was leaving, he turned back in afterthought and said:

"Say, I need a place to get my mail. Would you let me use your store as my address?"

Raymer cleaned out a pigeonhole in his cluttered desk, and said:

"There. There's a postoffice box you can have for the rest of your life."

The next day a friend of Raymer's new acquaintance dropped in. He wanted a box, too, and Raymer obligingly cleaned out another pigeonhole.

Two lumberjacks bound for a winter in the woods asked the book store owner to handle their mail. Raymer's growing extra business began to get a bit too big for an office desk.

He built a tier of letter boxes and began to charge $2 a year for them, including forwarding service.

Today, the Wanderers' postoffice, operated by Raymer's successors, Mr. and Mrs. Lew Chlarson, has nearly 600 active boxes and space for 400 more.

The boxholders are scattered all over the world—seamen, travelers, authors, business men. Some of them Chlarson has never seen. They send in their box rent ($3 a year now) and occasionally supply a new forwarding address.

British Women Will Sew At Home for U. S. Export

LONDON. — British women were called upon to form a nationwide sewing circle to earn dollars for Britain.

A nonprofit export company will sell the output in the United States. The government will exchange pounds sterling for whatever American money the knitters earn.

Queen Mother Mary, 81, has sent in six floral chair seats with embroidery signed "Mary, R." She asked that the proceeds go to charity.

Two Housekeepers Willed Mansion and Big Fortune

CHICAGO. — Two housekeepers are now mistresses of the home in which they served, and a secretary has been willed a controlling interest in her employer's coal business, according to inheritance tax returns filed in county court.

The secretary, Miss Helen Murphy, was bequeathed 51 per cent of the capital stock of Kevil Coal company by the late president, Francis E. Kevil.

Miss Murphy was secretary to Kevil, who died in January. His estate was estimated at $267,342.

A daughter, Mrs. Mary Jane Miller of Oak Park, was left the remainder of the company stock.

A $582 bequest was listed for Kevil's divorced wife, Mrs. Norma Lewis Kevil of West Chicago.

Mrs. Anna Gemmer was willed $163,779 and Mrs. Ida Beem $29,000 from the $257,016 estate left by John Beynon, former real estate operator.

Beynon also left his palatial home to his former housekeepers.

Loans for Rice Growers Arranged by Government

WASHINGTON. — Because of recent declines in prices, the agriculture department set up a government loan program designed to assure rice growers not less than 90 per cent of the parity price of their 1947 crop.

The department's Commodity Credit corporation will offer growers loans on rice at rates averaging $1.69 a bushel for rough rice at the farm or at approved country warehouses.

Officials said this average is equivalent to 90 per cent of the July 15 parity price of $1.88. Under farm laws, the government is required to support grower prices at not less than 90 per cent of parity for a period ending December 31, 1948.

Take Fire to Firehouse; It Works Okay With Trolley

PHILADELPHIA. — A fire came to the firehouse here.

When flames broke out on a rear seat of a trolley car, James Brown, a passenger, directed the motorman to the nearest engine company headquarters, three blocks away.

Brown dashed into the firehouse, grabbed a hand extinguisher and put out the blaze.

JEWEL LLOYD CASES ARE TRIED HERE THURSDAY

Jewel Lloyd, negro, was given 23 years in Texas prison in District Court here Thursday morning when he entered pleas of guilt on charges of burglary, felony theft and other charges.

Lloyd, a convict on parole from the Texas prison, had been sentenced for two years from Lubbock county for burglary.

County Attorney Bill Morrison, introduced evindence to prove the Lubbock sentence. The convictions here Monday will run cumulative and in addition to the Lubbock sentence and the negro will have to put up 25 years and 6 months in prison.

Lloyd entered the M. M. Johnson home about two weeks ago and was captured shorty afterwards. He had previously robbed the Sharpe Jewelry Store and also had taken a radio from a garage on West Main street.

Allen A. Hunter, charged with passing forged instruments in six cases entered a plea of guilt and was sentenced six years in each case to run concurrently but a two year sentence from Williamson county on a similar charge will be added, making a total of 8 years. Hunter cashed forged checks in the amount of $25. each.

Levi Green, Jr., negro, was convicted as a juvenile delinquent and will be taken to Gatesville reform school for boys to remain there until he is 21. He was charged with fatally cutting Abe Kearney, another negro here some weeks ago.

Jewel C. Banks, negro, was given a 5 year suspended sentence, on plea of guilt for stealing $84 from Fannie Williams, operator of a rooming house. Banks returned the money after he had enjoyed the Dallas Fair.

Emory B. Camp, lawyer, appointed by the court, represented Jewel Lloyd and Allen Hunter, and Bill Wallace, lawyer, appointed by the court represented Banks.

STUFFED DILL SLICES

Select large dill pickles and remove the centers, using an apple corer or a sharp knife. Fill the centers wiht soft pimento cream cheese. Chill and when ready to serve cut into slices and put slices on small rounds of toast.

TEXAS POWER & LIGHT COMPANY

"Foxes Of Harrow" Is Exciting, Passion and Powerful Screen Play

(From the Daily)

With its brilliant filmization of "The Foxes of Harrow," Twentieth Century-Fox has set the screen ablaze with an excitement, passion and power that adds up to one of the finest motion picture entertainments of the year. The film, based on Frank Yerby's sensational best-seller, and starring Rex Harrison and Maureen O'Hara with a superlative supporting cast, opened yesterday at the Cameron Theatre.

Here, indeed, is a story of adventure, romance, and drama to conjure with, and Director John M. Stahl and Producer William A. Bacher (the team responsible for the memorable "Leave Her to Heaven") have drawn from it—and enhanced—every last ounce of excitement, and have charged it with the blood and fire of high adventure and mighty emotional impact.

In "The Foxes of Harrow" we have a story set in the atmosphere of gay New Orleans of the early 1800's. It is to this fabulous domain of the Creole aristocracy that there comes a man, Stephen Fox, who only a ten dollar gold piece and a pearl stickpin to his name—which is itself cast in doubt. Possessed of the face of an angel and the cunning of a cardsharp, he is dashing, daring and reckless.

This is his story; more specifically of Stephen's dream of power, and of his ruthless battle to achieve it—at a cost that not even he dared envision. Too, it is the story of the proud and aristocratic Creole, Odalie, to whom Stephen is a savage whose violence repulses her, and yet, who is to be drawn to him, and with him into a startling drama of violence and conflict.

In telling this story, the moviemakers have packed the film with the stuff of which solid entertainment is made. From the opening scene in which the newly-arrived Stephen is tossed from a Mississippi steamboat for being too clever with cards; through the pistol duel in Maspero's gambling house; the weird and colorful voodoo rites in the bayou, the frantic building of Harrow and the dazzling house-warming ball; Odalie and Stephen's first meeting at which their basic conflict is revealed; the scenes at the slave mart; the birth of Etienne; Stephen's defiance of the aristocracy by appearing in public with the voluptuous Desiree—right through the gripping final scenes and the sensational climax—the story builds up with increasingly intense interest and excitement.

Rex Harrison as Stephen Fox is, as might be expected, just about perfect. In the role of the dashing, impetuous yet moody master of Harrow, the British actor, who won such terrific acclaim for his "Anna and the King of Siam" and "The Ghost and Mrs. Muir" performances, provides an excitingly convincing and moving portrayal that is bound to win for him the year's top acting honors. Maureen O'Hara's cameo-like beauty and hauteur makes her the perfect Odalie, the Creole beauty who is tamed and conquered by Stephen and made mistress of Harrow.

Stand-out performances are also provided by Richard Hayden as Andre, the young Creole dandy who befriends Stephen; Vanessa Brown, as Odalie's sister, Aurore, who harbors a secret love for Stephen; Victor McLaglen as Mike Farrel, hard-bitten, whiskey-drinking king of the Mississippi river boat captains; Patricia Medina as Desiree, the sultry beauty.

Danny Kaye Comes To Cameron Screen With Side Splitting Musical

(From the Daily)

Romance, melody and satire run riot in Samuel Goldwyn's lavish Technicolor comedy extravaganza for RKO Radio release, "The Kid From Brooklyn," starring Danny Kaye in the role of a mild-mannered milkman who becomes a pugilist in a colorful romp through training camps, a dairy route and the marble halls of the elite.

The film opens for two day run at the Cameron on Tuesday.

Kaye and Virginia Mayo supply the romance. They fall in love while Kaye is delivering milk to her apartment. After he quite accidentally becomes a pugilist, fame goes to his head and he becomes an unbearable show-off, much to the girl's disgust. How he is brought to his senses is one of the hilarious high spots in the film.

Melody is provided by Miss Mayo and dancing by Vera-Ellen, supported by the Goldwyn Girls. June Styne and Sammy Cahn wrote the music, and it includes rhythm songs, torch and novelty ballads. An outstanding number is Hey, What's Your Name? sung by Vera-Ellen. It's about a girl on a blind date to meet a boy wearing a straw hat and red boutonniere, and who finds sixteen identical boys waiting for her at the trysting place. Miss Mayo sings You're the Cause of It All, a torch song, and also I Like an Ald-Fashioned Song, to which Vera-Ellen dances in a garden party setting.

Rich and delightful satire is Kay's Pavlova number, written for him by Sylvia Fine and Max Liebman. It ribs the ballet in impudent and hilarious fashion. It is the type of fun at which Kaye has no master.

Joan Crawford Stars In "Possessed" At The Cameron Sunday

Handsomely refuting the canard that there is "nothing new under the sun" is Warner Bros.' new film drama, "Possessed", which opens Sunday at the Cameron Theatre. Boasting an outstanding cast headed by co-stars Joan Crawfrod and Van Heflin, the film presents a startling departure from the routine treatment ordinarily accorded the theme of unrequieted love and, incidentally, provides Joan Crawford with one of her most challenging roles to date.

Based on a story by Rita Weiman, the Silvia Richards-Ranald MacDougall screenplay details the emotional pitfalls encountered by Louise Howell (Joan Crawford) in her pitifully frustrated search for love. That these pitfalls might have been avoided and Louise known how to face reality is not important here. What the film emphasizes, instead, are those fundamental changes which occur in Louise when she is no longer able to sidestep the emotional entanglements she has assiduously avoided up to the present.

Anxious for love, she meets David Sutton (Van Heflin) and devotes herself to him with an intensity hitherto foreign to her nature. But David's ardor soon languishes and, from then on, everything that Louise does evolves from her overwhelming determination to regain his love at any cost or, failing that, to achieve his downfall. Her resulting failure is of truly majestic proportions. For, from the start, it is apparent that her marriage to Dean Graham (Raymond Massey), kindly, wealthy widower; her subsequent difficulties with Dean's sensitive young daughter (Geraldine Brooks); and her eventnal decision to employ lethal logic in untangling her confusion—all point unerringly to her own inevitable undoing.

Rarely has an actress had so fine an opportunity to display her virtuosity as Joan Crawford has in the difficult and exciting role of Louise.

Miss Mildred Matyastik freshman at Texas Lutheran College, Seguin and her room mate, Helen Olenbush of Roscoe spent the week end with Mildred's parents, Mr. and Mrs. John Matyastik of Clarkson.

Mrs. Lottie Bigbee left Sunday for Houston where she will visit her new grandson, born to Mr. and Mrs. Bob Barnett of Baytown. The son was born in St. Josephs Hospital in Houston Saturday, November 15. The mother will be remembered as Miss Mozelle Bigbee before her marriage. This is the third son of Mr. and Mrs. Barnett, and both of the older sons are in school. They also have a small daughter around four years of age.

Jim Lanning of Rockdale visited in Cameron on Friday.

Miss Iva Earl Heath, secretary to Congressman Bob Poage, is attending the special session of congress in Washington. She will return to Cameron in December.

Mrs. Fred Story of Wichita Falls, visited with her sister, Mrs. J. W. Kemp, and together they have gone to spend Thanksgiving with their mother, Mrs. Bowman, at Hubbard.

Edwin Ludecke of Burlington attended to business in Cameron this week.

4 Farm Families Pay For Land This Year; Aided By Government

Four farm families in Milam county paid the remaining indebtedness on their farms this year, according to Roy Wright, of the Farm Home Administration, now aiding farmers to buy land under government loans. Mrs. Wright in his news bulletin says congratulations to:

Mr. and Mrs. Henry W. Reddehase of Route 1, Burlington, Milam county, Texas.

Mr. and Mrs. Frank J. Jahn of Route 1, Burlington, Milam county, Texas.

Mr. and Mrs. William H. Kohring of Route 1, Holland, Milam county, Texas.

Mr. and Mrs. Jack H. Clark of Route 1, Caldwell, Burleson county, Texas.

The Reddehase family purchased their farm in April, 1940 and paid for it in full this year from agricultural income.

The Jahn family purchased their farm in March, 1939 and paid for it in full this year from sale of agricultural products.

The Kohring family purchased their farm in April, 1940 and paid for it in full this year.

The Clark family purchased their farm in April, 1940 and paid for it in full this year from sale of agricultural products.

We congratulate each of these families and hope for them continued success. It is quite a feat to purchase a farm, having 40 years to pay for it, and get it paid for in 8 to 9 years.

We are proud to call each of these families FHA graduates.

We are sorry to report that because of ill health Mr. and Mrs. Frank J. Stallcup, formerly of Thorndale, Route 1, have sold their farm and moved to 602 Vernon Street, Taylor, Texas, where they will be glad to see any of their old friends.

OUR APPRECIATION

We take this means of expressing our sincere appreciatoin to all our friends and neighbors who were so kind and helpful during the illness and at the death of our loved one, Mrs. Lora Anna Peed. We are deeply grateful for the beautiful floral offerings, for the messages of sympathy or for anything that you did for us at this time of sorrow.

Mr. and Mrs. W. C. Haggerty,
Mr. and Mrs. E. L. Peed,
Mr. and Mrs. R. D. Peed,
Mr. and Mrs. Fred Peed,
Mr. and Mrs. Albert Pittman,
and the grandchildren.

J. D. Martin of Route 4 visited friends in Cameron Friday.

Mr. and Mrs. Frank Kopriva, Jr., of Buckholts were visitors here recently.

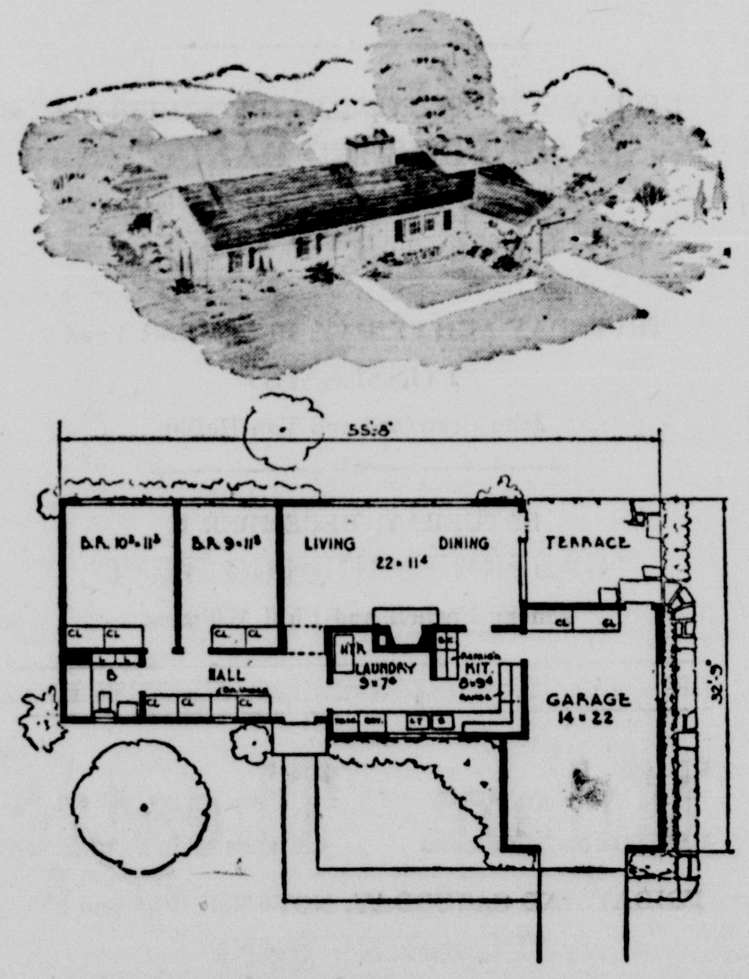
Colonial Cottage



The house pictured above is one of a series of small homes which are aimed at substantially reducing high building costs for the home builder.

The arrangement of the plan in this colonial cottage eliminates the use of rooms for halls and creates a feeling of spaciousness in the combined rooms. Generous storage wall closets have been provided and the garage offers ample room for storage and family hobbies. Household chores are made easy because of the automatically equipped kitchen-laundry. Radiant floor heating is the answer to the "Cold Floor" problem in this home.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for $2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for $5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

Scholars Open New Caverns

Faculty Scientists Lead 'Cave Dog' Students on Discovery Tours.

SEWANEE, TENN. — There's bound to be a payoff in biological and geological discovery when you place a laboratory over an unexplored honeycomb of underground caverns and turn loose some scientists.

That is happening here at the University of the South, whose campus sprawls along the top of Cumberland plateau, 2,000 feet above sea level. Its faculty and student body include some of the most avid "cave dogs" in the country.

Headed by a professor, groups of six or more students usually can be seen trooping down the precipitous and heavily forested mountainside to search out a new cave or an old one they think holds some new discovery.

There are literally scores of limestone caves hereabouts, some of them extensive. All are far enough off the beaten track to hold plenty of interest for veteran speleologists, as scientific cave-searchers are called.

One of the most confirmed "cave dogs" on this 80-year-old campus is Dr. Henry T. Kirby-Smith, surgeon at the university hospital. He is the unofficial "spotter" of new caves and every now and then he learns of another one from patients who come into the clinic from the hills and coves for miles about.

Looks Them Over.

When he learns of a new cave Dr. Kirby-Smith plans a trip to see how good it is. He has logged visits to between 60 and 70 caves.

A "good" cave, says the physician, has one or more of the following characteristics, in varying degree: It is isolated and known to few people—never by tourists. It is at least a half-mile deep. It is tortuous, narrow in places and has "crawls"—places where the roof is not more than two feet high.

There are some "really good" caves which have places which can be reached only by swimming through water pools in the dank cavern, lighted only by the carbide lights the cave-searcners carry Some have majestic chambers which can be reached only by swimming under water.

Get a cave of that sort and only the professionals are interested, but there are a good many of those here at Sewanee.

Get New Salamander.

The discoveries which have created most excitement in scientific circles, both here and elsewhere, were the finding by Dr. Edward McCrady, head of the biology department, of cave salamanders, very rare animals indeed.

A forthcoming issue of the scientific journal Copeia will record his discovery of the sixth species of cave salamander yet to be catalogued.

An ordinary person cannot get very excited about a plain little blind salamander with dull white skin whose ancestors have spent a million or more years in a cave without any light from the sun. But to zoologists they furnish an unusual opportunity for the study of heredity, genetics and certain phases of the theory of evolution.

If the salamanders can be induced to breed while in captivity—something they have never done before—their usefulness for research can be enhanced even more.

Another recent discovery by Dr. McCrady and others was the fossilized bones of a cat the size of a tiger which roamed the forests 30,000 years ago. Although the discovery was less important scientifically than the salamanders, it was notable because the bones represented an almost complete skeleton and drew a visit from the curator of Smithsonian institution.

Red Tape Cut on Airports; Makes It Easier for Cities

WASHINGTON.—It will be simpler for a city to have an airport from now on, officials of the National association for State Aviation Officials said.

The association's executive committee held an all-day conference with T. P. Wright, civil aeronautics administrator, and "worked out simplification of the administration of the federal airport act," Dexter Martin, of Columbia, S. C., South Carolina aviation director, said.

Martin said plans were made "to improve" the sponsors assurance agreement of the act "which in effect requires a city to state what it plans to do with a proposed airport for 20 years." He said the changes would mean "more city and less federal control."

The committee approved CAA proposed standards for airports, including size and length of runways.

Portugal to Stop Macao's Gambling Wheels by 1949

CANTON, CHINA.—The nearby Portuguese colony of Macao, a gambling center, is starting the gradual elimination of its gambling houses and plans to stamp out the "industry" entirely by 1949, Jose Calvet, the Portuguese consul, announced. "Three gambling houses will be closed immediately," he said. "Nine will remain."

John Jeter Is With Electrolux Cleaners; Headquarters Here

John Jeter, with headquarters in Cameron, is representing the Electrolux Corporation and the people here will be glad to have the news.

Mr. Jeter has taken his place with the Electrolux Corporation because of the advantages of living at home and the certainty that he is representing the best cleaner on the market.

Electrolux in Cameron is not new and owners will be glad to know that a local representative is to be available. Mr. Jeter said Monday that he could make immediate delivers on Electrolux cleaners for the home and expects many to be purchased for Christmas gifts.

Lois Gregory has returned from a visit with her mother in Houston.

From where I sit ... by Joe Marsh

Ma Hoskins Sneezed at Cats!

Ma Hoskins couldn't understand why she got a fit of sneezing every time Harpo, the cat, came in the room. Finally figured she'd have to get rid of Harpo altogether.

Then Doc Hollister explained she had an "allergy." Cat's fur made her sneeze like strawberries give some folks rash. He gave her an inoculation so she and Harpo could live sneezelessly together.

I guess a lot of us have "allergies" in the social sense. Some folks just can't stand movies, or radio comedians. Other folks don't go for beer. Myself, I enjoy a moderate glass of beer or two with friends . . . but it's up to them what beverage they choose.

From where I sit, the important thing is not to let our social allergies result in antisocial taboos. Let's not criticize the fellow who likes beer if we like cider. A little inoculation of tolerance can help us live-and-let-live happily together.

Make rolls like these with

AMERICAN BEAUTY Flour

"Use my tried and true recipe for American Beauty Cloverleaf Rolls. It's easy!"

Virginia Roberts, AMERICAN BEAUTY HOME BAKING INSTITUTE

Every cupful of AMERICAN BEAUTY Flour has exceptional baking qualities that are just waiting to bloom in your oven! Your Cloverleaf Rolls will be masterpieces—golden-topped, full of rich and delicious flavor.

Best of all, with AMERICAN BEAUTY you can count on results like this not just occasionally, but *every* time... not just with rolls, but with *all* your baking.

CLOVERLEAF ROLLS

6½ cups American Beauty Flour
½ cup sugar
1 tablespoon salt
½ cup shortening
2 cups milk
2 tablespoons lukewarm water
2 cakes compressed yeast

(*This recipe will make 36 rolls*)

Scald milk; pour over sugar, salt and shortening in mixing bowl. Stir well; allow to cool until lukewarm. Crumble yeast in lukewarm water; allow to stand 10 minutes. Add yeast to lukewarm milk. Add 3½ cups sifted flour. Beat until batter is smooth. Gradually add remaining 3 cups flour; stir until all flour is added. Brush top lightly with melted shortening. Cover and set in a warm place. Allow dough to rise until double in bulk (about 1 hour). Place dough on lightly floured bread board and shape into a round ball. Allow to stand 10 minutes. Roll ½ of dough into a rectangle ½ inch thick. (Balance of dough can be used for additional Coverleaf Rolls or other favorite variations.) Cut with floured biscuit cutter. Divide each round into 3 parts; shape each into a small round ball, and brush lightly with melted shortening. Place 3 balls into each muffin cup. Cover; allow to rise until double in bulk. Bake 15 to 18 minutes in a moderate oven (375°).

St. Rita's Circle Meets Wednesday With Mrs. Pete Mikula

St. Rita Circle held their regular meeting at the home of Mrs. Pete Mikula with Mrs. Frank Michalka sreving as co-hostess, Wednesday, November 19.

Twenty-two members were present and one new member was welcomed, Mrs. Billy Balhorn, Jr. Four guests were present: Mesdames Billy Allison of Liberty and Raymond Sutter and Misses Annie Marie Matocha and Dosseta Hanel all of Cameron.

During the business session led by the president, Mrs. J. T. Parmar, the Circle planned to send several ladies to the call meeting of N. C. C. W. being held at Waco, Monday, November 24.

The hostesses served ginger bread topped with lemon sauce and cherries with coffee.

The next regular meeting will be held on December 3, at the home of Mrs. Walter Plocek with Mrs. Joe Michalka as co-hostess.

Double Birthday Is Observed Ben Kratz Home on Wednesday

A double birthday party was held at the home of Mr. and Mrs. Ben Kraatz Wednesday, honoring their daughters, Mrs. Lucille McCrummens and Doris Kraatz.

In addition to ten couples, Donald Shuemate, Billy Claxton and Sonny Stanislaw were present.

The evening was spent in playing games, after which the beautifully decorated birthday cake was cut and served with ice cream.

J. L. Slaughter Home Scene of Thanksgiving Dinner Here Sunday

Mr. and Mrs. J. L. Slaughter had all their children and grand children at home the past week end, and entertained them with a Thanksgiving dinner on Sunday, since it will be impossible for them to be here on Thanksgiving day.

Other guests who enjoyed the happy occasion were Mrs. Slaughter's mother and sister, Mrs. L. W. Boykin and Mrs. G. A. Plentl.

Their children and grandchildren were: Mr. and Mrs. Y. H. Rice and son of Amarillo, Staff Sgt. and Mrs. Jack Reavis and son of Randolph field and Mr. and Mrs. R. F. Bielefeldt and daughter of Temple.

Mrs. Chas. M. Hicks To Give Book Review

The Cameron History Club will present Mrs. Charles Hicks in a book review, at the Country Club at 3:00 p. m. Saturday, November 22.

The D. A. R. and U. D. C. Chapters, the Delphians, Pleasure and Profit Club, the Three Arts Club and the Business and Professional Club will be guests.

Mr. and Mrs. Thomas J. Hickerson of Rosebud spent Sunday afternoon with Mr. and Mrs. S. A. Cottle.

Happy Time 42 Club Is Organized Here

A new club, known as the "Happy Time 42 Club" has been organized. The first meeting was held at the home of Mrs. J. V. Eanes at which time officers were elected as follows: Mrs. J. V. Eanes, President; Mrs. Chas. Knipp, Vice President; and Mrs. L. C. Angell, Secretary and Treasurer.

The Club will meet once a week, with the next meeting held at the home of Mrs. L. C. Angell on Tuesday, November 25, at 2:30 p. m.

After several games of 42 the following guests were served lemon pie, cokes and coffee; Mesdames Jimmie Angell, L. C. Angell, Alice Pfarrdrescher, Chas. Knipp, H. N. Tate, H. C. Tindall, and F. P. Yarbrough.

During the afternoon games, Mrs. Jimmie Angell won high score and Mrs. Pfarrdrescher won low.

Cameron Girls Elected To Art and Literature Club at Denton College

DENTON,—Misses Almarie Brady and Patsy Esslinger have finished the informal initiation period and are now active members of Delian and Alice Freeman Palmer literary and social clubs at the Texas State College for Women.

Delian and Alice Freeman Palmer are two of the eleven clubs on the campus, and the total number of girls pledged by the organizations is 279.

The purpose of the clubs is to stimulate interest in literature, art, and music, to promote social activities for members, and to encourage the achievement of high scholastic standing.

Miss Brady, daughter of Charles Brady, 524 E. 19th St., is a sophomore Journalism major.

Miss Esslinger, daughter of Mr. and Mrs. Andrew Esslinger, 3110 Nitvavio, is a sophomore General Education major.

History Club Host To Civic Clubs Here At Country Club

The Cameron History Club was host to Cameron's Civic Clubs, Saturday afternoon, at the Country Club.

Miss Catherine Flinn, president of the Club gave a welcome to the guests and presented Mrs. Charles Hicks who gave a most interesting review of the book, "So Dear To My Heart", by Sterling North.

At the close of the program dainty refreshments were served cafeteria style, consisting of sandwiches, cookies and hot tea and coffee. Misses Jane Flinn, Tomadell Jenness, Jane Henderson, Susan Rosson and Patsy Coleman, dressed in evening costume assisted in serving in a most beautiful manner.

Out-of-town guest was Mrs. Sam Mewhinney, who is a guest of Mrs. Jeff T. Kemp, and was in charge of the guest book, where representatives of the Delphian, the D. A. R., U. D. C. Business & Professional Club, Pleasure and Profit Club and the Three Arts Club registered.

Gloria Ann Raymond Honored On Birthday With Party Nov. 12

Gloria Ann Raymond, duaghter of Mr. and Mrs. Thomas Raymond was honored with a party on her 12th birthday Friday, November 21, from 4:00 p. m. to 6:30 p. m.

The Birthday cake and ice cream were served to the thirty five guests and the honoree.

The party was held at the City park where games were played and refreshments were served, after which the children enjoyed a show at the Cameron Theatre.

Mrs. Raymond was assisted with the entertaining by her sister, Mrs. Willard Grayson of Temple.

Hoyte Club Meets With Mrs. Hanel

The Hoyte Home Demonstration Club held its last regular meeting for 1947 in the home of Mrs. Frank Hanel Tuesday afternoon. The club meeting was opened with the Lord's Prayer, led by Mrs. Hanel. Roll call was answered by eleven members and five visitors.

Mrs. Virgil Coward gave the financial report and the club voted to give six Stanley parties to raise money for the club.

Miss Johnson gave a demonstration of many beautiful Christmas gifts that could be made at low cost. Among these gifts were belts made from old felt hats and black walnuts, crochet hats, ear rings, aprons, sandwich baskets and napkin holders.

At the close of the meeting Mrs. Hanel was given a surprise shower and received many lovely gifts. Mrs. Hanel is the retired president and Mrs. John McLerran will be 1948 president.

Refreshments of delicious apple struddel topped with cream was served with coffee.

The Christmas party will be at Mrs. Hugh Wimberly's home on Dec. 3 at 3 o'clock.

SUB-FREEZING CERTAIN FOR NORTH TEXAS AREA

A new cold front moved into Texas ate Thursday night and was due to bring freezing temperatures to West Texas by Friday morning.

The front was due to reach the Fort Worth-Dallas area by Friday afternoon, bringing colder weather to East Texas Saturday.

The Panhandle and South Plains will begin to warm up again Saturday as the cold front moves beyond those areas, the weather bureau forecast.

Some rain was predicted for East Texas Friday.

Occasional light showers fell in southwest Texas Thursday.

Maximum temperatures generally were in the high 50s and low 60s over Texas Thursday. Warmest spot was Brownsville with a 79 degree maximum, while the thermometer never registered above 44 degrees Thursday at Pampa.

Fog and rain drizzle enveloped the Cameron area Friday morning and would be lifted when the norther hits. Rain is forecast for this section but nothing commensurate with needs.

Temperatures in Cameron were expected to be around 40 degrees or lower by Saturday morning and if clear frost will be heavy.

NEW HEALTH MEASURE IN EEFECT HERE SOON

The City Council has finally passed an ordinance requiring the proofing of business buildings in the mercantile area against rats.

This measure is a new health effort here and the full text of the ordinance, very lengthy, will be printed in the coming issue of the Weekly Herald.

The ordinance, passed upon the insistance of the State Health Department, will create considerable over head on the city's already overtaxed budget. A full time man may not be permanently required but at least for some time the new bill will have to have close supervision.

If the ordinance is enforced, it could result in great benefits here. Certain portions of it may be controversial since it will require the property owners to spend money to rat proof their buildings.

War on rats has been waged here for several years by the county health unit. The ordinance, first such legislation in the history of the city, will go into effect after its legal publication which will be in about 2 weeks.

Irving Fabrikant of The Leader Dept. Store is leaving Houston by plane Wednesday. He will spend Thanksgiving with his parents and brother, Mack Fabrikant in New Yark.

WANT-ADS

FOR SALE— New Brooder House and two gas brooders. Also one good bed room suit. Lee Chiles, Buckholts, Texas. 29-1tp

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County, Greeting:

C. R. Ramsel, Administrator with will annexed of the Estate of W. T. Ramsel, Deceased, having filed in our County Court his Final Account of the condition of the Estate of said W. T. Ramsel, Deceased, numbered 3627 on the Probate Docket of Milam County, together with an application to be discharged from said Administration.

YOU ARE HEREBY COMMANDED, That by publication of this Writ one time and said publicatoin shall be not less than ten days before the return of day hereof, in a Newspaper printed in the County of Milam you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on Monday the 8th day of December A. D. 1947, at the Court House of said County, in Cameon, Texas, when said Account and Application will be acted upon by said Court.

GIVEN UNDER MY HAND and seal of said Court, at my office in the City of Cameron, Texas this 20th day of November A. D. 1947.

HOMER NABOURS,
Clerk, County Court Milam County.
By Bessie Dunham, Deputy.

YOEMEN—
(continued from page one)
and the backs.

If it is to be a battle of lines Cameron has little to worry about for pound for pound the Cameron line is the best in Texas for Class A schools. In the backfield, the Yoemen have to give away advantage because of the light fellows who tote the ball but they have been very successful.

The game will be played to a home coming crowd and is to get under way at 8 p. m. It will close out the home season for the Yoemen. It is understood the game will be broadcast.

The longest muscle in the human body is the sartorius which runs from the upper hip to the inner knee.

Robert Weems made a business trip to Temple Monday.

NATIVE MILAM COUNTY DIED HERE WEDNESDAY

(From the Daily)

Mrs. S. M. Burns, Sr. 84, native of Milam county, died at 1:10 p. m. Wednesday, November 19 at her home on East 25th Street.

Mrs. Burns had been in ill health for a long period of time but despite her condition her death came as a shock to thousands here, especially among the pioneer citizens who had known her for many years.

Mrs. Burns was born and reared in Milam county and had been a resident of the city of Cameron for a half century or more. She was the daughter of the late pioneer, George Green, whose life was a part of the early day history in Cameron and Milam county.

She was the widow of the late S. M. Burns, Sr., who died in 1920. Mr. Burns was a brother of the late Mrs. T. S. Henderson and the Burns family was likewise prominent in the early day history of the city and county.

A son, S. M. Burns, Jr., who was then Criminal District Attorney here, died in 1933.

Funeral services were to be held at 2:30 p. m. Thursday, November 20 from the First Baptist Church with the pastor, Rev. L. L. Morriss, conducting. Interment in Oak Hill Cemetery with the Marek-Burns Funeral Home directing arrangements.

Mrs. Burns had been a member of the First Baptist Church in Cameron since early childhood. She was a devout member and took an active part in the work of the church until her health failed. In recent months she was content to spend her time at the family mansion on 25th Street, one of the early homes in the city.

Surviving her are two sons, John H. Burns of Houston and Bill Burns of Cameron. Two daughters survive as follows: Miss Mary E. Burns of Cameron and Mrs. Homer E. Collier of Mumford, Texas. Seven grand children also survive.

REMOVAL NOTICE

My Jewelry Shop and Business has been moved to my residence, at 621 West Main Street, where I'm well equipped and can accommodate all your needs.

FIRST SNOW OF YEAR HITS NORTHEAST TEXAS

The first snow of the year for upper east Texas was reported early Saturday and in some portions rain was freezing as it peppered down slowly.

The expected norther pushed into central Texas early Saturday and brought rain and forecasts were that the rain would continue throughout the day and possibly Sunday.

Rising temperatures were forecast for Sunday. The temperature drop in the Cameron area was slight. It was expected that the weather would be colder by Sunday morning with gradually clearing skies.

Rain fell here intermittantly throughout the early morning hours but no report was available at the time of going to press with this issue of the Daily Herald.

Temperatures were below freezing point in several sections of the Panhandle and the north plains.

The coldest weather of the year was expected Sunday when the maximum tempertature might be around 40 degrees. It was not expected that such a change would occur in the Cameron area.

BEALE HURT BUT WILL BE IN LINEUP WEDNES.

The Yoemen were getting down to serious business out on the field this week. They have a holiday and won't be back in uniform until Wednesday night November 26 against Gatesville.

That will be home coming day for all former graduates of the high school here.

The only casualty of the week was Howard Beale, 195 pound fullback, who scored 2 touchdowns against Rosebud. He sustained a painful injury when glass cut his right arm at home. He was opening a fruit jar for his mother when the accident occured. Beale was taken to the team doctors and his wound sewed up. He lost considerable blood but was out for practice Thursday.

Coach Jackson said that Beale would be in the lineup Wednesday night.

The entire team will be in fine physical shape against Gatesville. The entire squad may get a chance, depending on how strong the Hornets are. Gatesville employs a variety of formations and has a razzle-dazzle passing offense. They have fared well in their district but have no chance at the title. If McGregor defeats Gatesville to-night the Bulldogs will go against Mexia for the bi-district title.

As fans look at the thinning line of stars who are playing their last year the loss seems heavy. Joe Hawkins, star left end who has been down under more passes from Michalka than any other man is a Senior. Joe has played outstanding ball, is a good blocker and a crack defensive man.

One of the losses will come from th eback field. He is Billy Hauk, one of the most consistent ground gainers of the year. He has been a standout and the coaching staff will have a hard time replacing him.

Denson Provasek from Marak is a senior and one of the best tackles the Yoemen have had in years, Denson scales in at 185 pounds and is every inch a fine football player.

Berry Caldwell who has not had a starting position at end, has played fine ball all year and will be coming up in 1948 for an important assignment in the line. End play stars will go out. They are Bob Wilkerson and Bob Holloway and Joe Hawkins. Coach Dick Young for the line will have Olin Armstrong, Berry Caldwell.

Dick Stedman, back, will be up in 1948 for a regular birth in the starting line and is a good passer. He has performed well under the T formation, a Jackson specialty formation.

John Matula, Senior, who has played outstanding ball both on offense and defense, is a half back who will not be back next year.

Muggo Garcia, blocking back and a good punter, is a Senior also and will not be back. Billy Hanes who has been plagued with injuries but who has done a good part in the backfield at quarter, will also graduate this year.

Delbert Walston 165 pound guard will be in the 1948 picture and has great promise. Benard White, 155 pound guard, is also going to be on the 1948 squad and looks very promising. Gordon Gibson a sophomore, and center, has two more years. He weighs 160 pounds.

Charles Brady, playing guard, has done conversion jobs after touchdowns and has not missed a try this year. He will be in the starting lineup in 1948. Robert Zotz, 185 pound tackle, is just about the best prospective lineman that has come along in years. He will be a junior in 1948 and will get an important assignment.

Wendall Mitchell who wears 78 sweater, weighs 160 pounds and is a junior in 1948. He played fullback on the B team in 1946 but was moved to a guard position in spring training.

Stanley Fikes was a standout at guard position on the B team in 1946 and came up to the varsity this year. He will get his big chance in 1948 as a junior letterman.

Lewis Hollas, a brother of George Hollas, the Cameron left guard, is a sophomore and will be a junior letterman next year, he weighs 160 pounds and is a rugged lineman.

Grady Allen who starred as a half back on the B team in 1946 came up for the regular team this year and has found a place in the line at guard. Grady will get his big chance in 1948 and has great promise.

Eugene Mitchan is moving up for the coming year and was center on the B team in 1946. He is going to give all kinds of competition for a starting birth in the center of the line.

CHRISTIAN SCIENCE SERVICES

Thanksgiving Day services are held each year by The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and its branches throughout the world The order of service includes the reading of a Lesson-Sermon on the topic of "Thanksgiving," and opportunity is afforded for testimonies of gratitude to be expressed appropriate to the occasion. The public is cordially invited to atend these services.

The Golden Text is: "O magnify the Lord with me, and let us exalt his name together" (Psalms 34:3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He loveth righteousness and judgment: the earth is full of the goodness of the Lord" (Psalms 33:5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more" (page 3).

Mr. and Mrs. Garner Hairston of Pelley, Mr. and Mrs. Tom Hairston and Jake Green of Lometa were in Cameron last week and attended the funeral of Oscar Garner on Monday.

FUNERAL SERVICES FOR PFC. O V SHEFFIELD

Funeral services for Pfc. O. V. Sheffield were held Sunday, November 23, at 3:00 p. m. with Rev. J. C. Collins, officiating, at Little River Baptist Church. Interment was in Little River Cemetery with Green's Funeral Home in charge of the arrangements.

Pfc. Sheffield was born Jan. 8, 1907 and was reared in Belmena Community. He completed elementary school at Maysfield and graduated from Yoe High School in Cameron in 1926. He was married to Milady Sefcik, April 7, 1935.

He entered the U. S. Army in November, 1942 and went overseas in November 1944. Based in England for awhile. he later moved into France, Belgium and Germany. He saw action in the drive to cross the Rhine River by the American Third Army under Gen. George Patton. His death came March 3, 1945 at Barenstein, Germany. According to information sent to his parents by one of his buddies, Pvt. Sheffield has one arm blown off, and bled to death on the cobblestone streets, while bitter battle was being fought.

Several days later, he was buried in the U. S. Military Cemetery, Henri Chappelle, near Eauden, Germany. On October 4, 1947, his body along with 6252 others, was removed from a port in Belgium to New York, where it was shipped by rail to Cameron, by way of the American Graves Registration Division, Ft. Worth, Texas.

Surviving are: his widow, Mrs. Milady Sheffield, his parents, Mr. and Mrs. H. O. Sheffield of Belmena Community, a brother, Cozine Sheffield, and a sister, Mrs. Eulalie Hruska, both of Corpus Christi, Texas.

E. C. Becker of Ben Arnold was a business visitor in Cameron recently.

Judge John Watson Is Back At Office After Illness Here

Judge John Watson, district judge, was back in his office at the court house Tuesday.

Judge Watson has been ill for several weeks but is much improved and friends will be glad to have the good news of his recovery.

He was unable to preside at a recent session when the grand jury was impaneled but was able to attend at the trial of a number of cases last week.

VFW Auxiliary Will Send Gifts to Hospital For Wounded Veterans

A regular meeting of the VFW was held at the Knights Pythias Hall Thursday, November 20.

Plans were made to buy Christmas gifts to send to McClosky Hospital in Temple. The next meeting will be Dec. 4 at the home of Mrs. David Shapiro. At this meeting the gifts will be wrapped and prepared to send to the Hospital.

THERE IS A FOOD EMERGENCY BECAUSE...

1. This year Western Europe has had the lowest per-capita crop yield in recent history.
2. In addition, there was a 900,000,000 bushel loss in our own corn crop this year.
3. This means millions of unfortunate people, in countries friendly to us, will go hungry this winter. Do your part in saving food.

BODY PFC. SHEFFIELD ARRIVES IN CAMERON

(From the Daily)

The body of Pfc. O. V. Sheffield who was killed in action at Baarrentein, Germany on March 3, 1945, will arrive at the Green Funeral Home in Cameron at 3 p. m. Thursday.

Funeral services for Pfc. Sheffield will be held at 3 p. m. Sunday, November 23 at the Little River Baptist Church at Jones Prairie with Rev. Collins conducting the services.

The body will remain at the Green Funeral Home until the funeral hour on Sunday and the funeral home will direct arangements.

Pfc. Sheffield was killed while fighting with the famous American Third Army under General George Patton and was with the 393rd Infantry Regiment. He was buried in the military cemetery at Henri Chappelle in Belgium. The body was brought home on the ship Conoley, having left port on October 4, placed in state in New York and later transported to Fort Worth.

The body of Pfc. Sheffield is the first to be received here for reburial.

Lions Club Host to Football Squad and Coaches Tuesday

The 1947 Yoemen football squad were special guests of the Lions Club Tuesday. Included were coaches Leo Jackson, Dick Young and Harrison McLerran and Superintendent W. T. Hanes.

E. A. Perrin delivered the address to congratulate and commend the Yoemen for their great play in the current season and was followed by talks by Superintendent Hanes and Coach Jackson.

This is the first toast to the Yoemen arranged by a civic organization here.

BACON AND OLIVE CANAPE

Wrap a strip of bacon around a large stuffed olive. Skewer with a toothpick. Broil until bacon is crisp and golden brown, serve on rounds of toast.

MISS CHARLOTTE SMITH

Lone Star Gas Company Sets Up New Service For Homemakers Here

Expansion of Lone Star Gas Company's services for homemakers was announced today by A. P. Rowland of Waco. division superintendent, in the appointment of Miss Charlotte Smith as home economist for the gas company in this territory. She will serve Lone Star customers in Cameron, Rockdale, Rogers, Rosebud and Caldwell.

Miss Smith recently completed a training course in the gas company's home economics headquarters in Dallas under Miss Julia Hunter, home economics director for the company.

The new home economist in this territory will be available for consultation on food preparation and menu planning and she will tell how to obtain the most economical use from the new and improved gas appliances, according to J. R. Bush, Cameron district manager for the company. She will also be a source of information on how to produce balanced meals at minimum cost and counsel with home builders planning modern kitchens. She will also give cooking demonstrations, stressing food conservation and the care of gas equipment.

Miss Smith is a graduate of Texas State Teachers College for Women at Denton where she received a degree in home economics. She was born and reared in Belton where she graduated from high school. Her parents are Mr. and Mrs. Roy M. Smith of Belton. She is a member of the Methodist Church.

John Hause Severely Injured When Gored By Bull Wednesday

John Hause is in St. Edward's Hospital severely injured having been gored by a bull on his farm near the city.

Mr. Hause sustained a broken leg and severe chest iinjuries. The bull attacked Mr. Hause at 12:30 p. m. Wednesday on his farm near Curry. He was rushed to the hospital and is doing well.

BLACK AND WHITE CANAPE

Chop the whites of hard-cooked eggs, season and mix with a little mayonnaise. Spread generously on small shapes of bread, leaving a small well in the center. Fill with caviar.

Fort Worth Man Is Ill Here From Heart Attack Wednesday

Overton Holt of Fort Worth suffered a heart attack at the Cameron Hotel Wednesday morning and was rushed to the St. Edwards Hospital.

Mr. Holt is a representative of Penick & Ford, syrup manufacturers and had recently returned from a deer hunt near Boerne with his friend Bartow Jackson. They returned to Cameron Thursday.

Mrs. Holt came to Cameron late Wednesday to be with her husband who is improving.

CANAPES PARMESAN

Mix grated Parmesan cheese with equal amount of whipped cream. Spread on small rounds of bread which have been fried in butter. Cover with chopped parsley and decorate with cheese mixture put through a pastry tube.

S. W. LAW FARM SOLD FOR $16,675 THIS WEEK

Real estate transfers for the week were above average, the stated cash transactions being around $25,000.

Deeds when filed do not always state the cash transactions and to determine the amount of money involved in the deals considerable research is necessary. It is estimated that the week's transfer totals may involve as much as $75,000 or more.

The largest single deal of the week was the sale of the Sam W. Law farm on Little River in the Salem community. The farm with 333 acres was sold to John Kamenicky of Ad Hall. The farm has been in operation for a long period of time. Mr. Law, residing there, no doubt feels he should retire from active farming. The land is near the Riverside Farm recently sold for $110,000 cash.

Marriages

William A. McFaden and Mrs. Jean W. Kearby.

Kenneth H. Chandler and Elizabeth F. Fisher.

John P. Olbrich and Luliane Beckhalt.

Clifton C. Schrank and Marjorie E. Lofton.

Deeds

Catherine T. Murry Griswald, to Terry Moore, lot No. 14 in block No. 2 in the town of Gause, and 16-16 acres of the F. Ruiz survey, $10.

C. V. Smiley to Roger M. Thomas, 50 acres of the J. W. Barnhill grant $10.

Claude G. Muston to Nolan Mauldin, 10 acres of the S. P. Robertson grant, $10 and other valuable considerations.

C. D. Pratt et ux to C. F. Pratt, south one-half of a "certain 16 acre tarct—8— acres" of the Jno. L. Nicholson survey, $20.00.

James L. McGregor et ux to C. D. Pratt, 16 acres of the Jno. L. Nicholson grant $400.

J. P. Fuchs et ux to Charlie Gohmert et ux, lots Nos. 1 and 2 in block No. 45 in town of Buckholts $1,800.

Frank Fuchs et ux to Robert William Wied, 1000 square yards of land in the town of Burlington $1,650.

S. W. Law to John R. Kamesicky et al, 333½ acres of the Sarah Wilhelm survey, $16,675.

S. A. Clark et ux to J. A. Mann, 22 45-100 acres of the J. W. Rhodes Original grant $811.

Ella Asberry to Henry McDaniel, 67 3-4 acres of the Bynum Wickson grant and 50 acres of the Jesse Waller league, $10 and other valuable considerations.

S. A. Clark et ux to J. A. Mann, 48 1-8 acres of the Jacob Brink survey, $1,250.

Robert B. Gause et al, to Harry Gilbert et al 1 9-10 acres of the Azra Webb survey, $100.

Ollie Perry to Victoria Perry Gray et vir, 20.3 acres of the J. N. Barnhill survey, $10 and other valuable considerations.

Ollie Perry to Rosia Perry Holmes et al, 29 acres of the J. N. Barnhill survey, $10 and other valuable consideratoins.

Mrs. L. J. Fuchs to Mrs. Louis H. Schiller, 122 acres of the J. A. De Pena 11 league grant, $10 and other considerations.

Mrs. L. J. Fuchs to Mrs. R. P. Lehmann, 100 acres of the J. A. DePena 11 league grant, $10 and other considerations.

Mrs. L. J. Fuchs to Albert Horstmann et al, 100 acres of the J. A. De Pena 11 league grant, $10 and other considerations.

Mrs. L. J. Fuchs to L. H. A. Fuchs, 60 acres of the J. A. De Pena 11 league grant, $10 and other considerations.

W. B. Summers et ux to Frank Brandon, West 90 feet of lot No. 2 of the Marrs Addition of City of Rockdale, $10 and other valuable considerations.

Alvin Praesel et ux to Artie Haney et ux, "Lot and parcel of land in the Douthett-Coulter Addition to City of Rockdale, in D. A. Thompson grant $100.

W. R. Newton et al to Robert M. Titsworth, lots Nos. 1, 2, and 3 in block E of the Tucker Addition to town of Cameron $4,150.

Oil and Gas Leases

George W. Nichels et ux to W. N. Deskins, 2½ acres of the D. A. Thompson survey, in the Duothett-Coulter Addition to City of Rockdale $20.

Otto Schukraft et al to H. Lee Pierce, 69 acres of the Jas. Prewett survey $10.

Otto Schuwraft et al to H. Lee Pierce, 67½ acres of the T. J. Chambers survey $10.

"Boom Town" Brings Galaxy of Stars To Cameron Thursday

Replete with souch spectacular action scenes as a blazing oil well being whiffed out by a blast of TNT, oil gushers roaring in to shoot derricks high into the air, a dive into a sea of mud to escape whizzing bullets, fist fights extending from a frontier saloon to swanky Manhattan office, and other thrills of the oil fields, "Boom Town," M-G-M's all-star masterpiece reprint, brings one of the greatest pictures in Hollywood history to the Cameron screen Thursday.

Overshadowing even the intense fast action of the story is the brilliant cast which stars Clark Gable, Spencer Tracy, Claudette Colbert and Hedy Lamar.

The picture's location scenes were made on more than thirty sites to record all the thrilling drama of men who seek fortunes in oil and of the women who love these two-fisted men. It was directed by Jack Conway, noted for his action pictures.

"Boom Town" covers the entire field of the fabulous oil field while following the story of two men who meet in a rough boom town and form a partnership. They remain friends through adversity even when one marries the sweetheart of the other. They split when the husband apparently is untrue to the wife, but are reunited years later when both men bury the hatchet at a time when both are wealthy. Then a siren enters the story to snatch the husband from his wife and the friend resorts to one of the most poignant schemes in screen drama to break up this affair and send the husband back to his wife.

RODENT CONTROL ORDINANCE

City of Cameron, Texas
1947

An ordinance to provide for the protection of the public health by controlling or preventing the spread of rat-borne diseases and infections by the elimination of insanitary conditions associated with such diseases, by extermination of rats, and by ratproofing of structures and maintenance thereof in a ratproofed condition and providing for penalties for violation, and declaring an emergency.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMERON:

Section (1). That for the purposes of this ordinance the following definitions shall apply:

(A) The term "business buildings" shall mean any structure, whether public or private, that is adapted for occupancy for transaction of business, for rendering of professional service, for amusement, for the display, sale or storage of goods, wares, or merchandise, or for the performance of work or labor, including hotels, apartment buildings, tenement houses, rooming houses, office buildings, public buildings, stores, theatres, markets, restaurants, grain elevators, abbatoirs, warehouses, workshops, factories, and all outhouses, sheds, barns and other structures on premises used for business purposes.

(B) The term "ratproofing" as used herein applies to a form of construction to prevent the ingress of rats into business buildings from the exterior or from one business building or establishment to another. It consists essentially of treatment with material, impervious to rat gnawing, all actual or potential openings in exterior walls, ground or first floors, basements, roof and foundations, that may be reached by rats from the ground by climbing or by burrowing.

(C) The term "rat harborage" shall mean any condition which provides shelter or protection for rats, thus favoring their multiplication and continued existence in, under, or outside of any structure.

(D) The term "rat eradication" means the elimination or extermination of rats within buildings by any or all of the accepted measures, such as: poisoning, fumigation, trapping, clubbing, etc.

(E) The term "Health Officer" as used herein means the Superintendent, Commissioner or Director of Health or any duly authorized representative.

(F) The term "owner" shall mean the actual owner, agent, or custodian of the business building, whether individual, partnership, or corporation. The lessee shall be construed as the "owner" for the purpose of this ordinance when business buildings agreements hold the lessee responsible for maintenance and repairs.

(G) The term "Occupant" as used herein shall mean the individual, partnership, or corporation that uses or occupies any business building or part or fraction thereof, whether the actual owner or tenant. In the case of vacant business buildings or vacant portions thereof, the owner, agent, or custodian shall have the responsibility as occupant.

Section (2) That it is hereby ordained and required that all business buildings in the City of Cameron shall be ratproofed, freed of rats, and maintained in a ratproof and rat-free condition to the satisfaction of the Health Officer.

(A) That for the purpose of obtaining rat-stoppage of business buildings, the following regulations are set forth as the minimum requirements for applying rat-stoppage to business buildings.

(a) The Public Health Officer or his representative shall approve all materials used and the method of installation.

(b) Solid sheet metal, expanded metal and wire cloth specified in these regulations shall have a rust-resisting, protective coating, preferably galvanized.

(c) All foundation wall ventilator openings shall be covered for their entire height and width with perforated sheet metal plates of a thickness not less than fourteen (14) gauge, or with expanded sheet metal of a thickness not less than eighteen (18) gauge, or with cast iron grills or grates, or with any other material of sufficient strength and equal rat-resisting properties. The openings therein shall be small enough to prevent the ingress of rats, and in no instance shall be larger than one-half (½) inch mesh.

(d) All foundations and exterior wall openings excluding those used for the purpose of ventilation, light, doors, and windows, such as those openings around pipes, electric cables conduits, openings due to deteriorated wall, broken masonry, or concrete, shall be protected against the ingress of rats by closing such openings with cement mortar, concrete or masonry, or close-fitting sheet metal or suitable size pipe flanges or other material with equal rat-resisting properties, which shall be securely fastened in place.

(e) Doors—All exposed edges of the lower eight (8) inches of wooden doors and door jambs, serving as front, rear or side entrances into business buildings, from the ground, basement or cellar floors, and other doors accessible to rats, shall be protected against the gnawing of rats by covering said doors and jambs with solid sheet metal of not less than twenty-four (24) gauge thickness. The same material shall be used on door sills or thresholds, or such door sills or thresholds may be constructed of cement, stone, steel, or cast iron. Doors, door jambs and sills of coal chutes and hatchways that are constructed of wood shall be covered with solid sheet metal of twenty-four (24) gauge or heavier, or they may be replaced with metal chutes of twenty-four(24) gauge or heavier installed in such manner as will prevent the ingress of rats. All buildings with side and rear door entrances shall be provided with fly screens and hardware cloth doors. These entrances shall be provided with suitable automatic self-closing devices.

All doors on which metal channel flashing has been applied shall be properly hinged to provide for free swinging. When closed, doors shall fit snugly so that the maxium clearance between any door, door jambs, and sill shall not be greater than three-eighths (3-8) of an inch.

(f) Windows—All windows and other openings for the purpose of light or ventilation shall be covered for their entire height and width, including frame, with wire cloth of nineteen (19) gauge or heavier, having a mesh of not larger than one-half (½) inch, in installed metal frames of twenty-four (24) gauge and anchored in place with rust resisting screws.

All windows and other openings for the purpose of light or ventilation that may be accessible to rats by way of exposed pipes, wires, conduits and other appurtenances, shall be covered as specified above. Or in lieu of wire cloth covering, said pipes wires, conduits and other appurtenances shall be blocked from rat usage by installing sheet metal guards of twenty-four (24) gauge or heavier.

Such guards when used on vertical pipes, wires, conduits or other appurtenances shall be fitted snugly around the pipe, wire, conduit or other appurtenances.

(g) Light wells with windows in exterior walls that are located below the outside ground level shall be protected from the ingress of rats by one of the following methods:

1. Installing over light wells cast iron or steel grills or steel gratings, or other material of equal strength and rat-resisting properties, with openings in grills or gratings not to exceed one-half (½) inch in largest dimension.

2. Installing securely to and completely covering existing metal grills that are broken or have openings larger than one-half (½) inch in largest dimensions or otherwise defective, with expanded metal of eighteen (18) gauge or heavier, having openings not greater than one-half (½) inch in largest dimension.

At the option of the owner the opening in the wall of the building below the grate may be entirely closed with brick or concrete or partially closed and the remaining open space covered with nineteen (19) gauge or heavier wire cloth with mesh not to exceed one-half (½) inch.

(h) Business buildings constructed on piers having wooden floor sills less than twelve (12) inches above the surface of the ground shall have intervening space between floor sill and ground protected against the ingress of rats by installing a solid masonry or concrete not less than four (4) inches thick around the entire perimeter of the business building and extending said curtain wall to a depth of not less than eighteen (18) inches deep with a twelve (12) inch shelf extending outward from the wall and fastening securely to the exterior wall of the business building, in such manner as will prevent rats from entering the building.

In lieu of the installation of curtain walls, all ground floors of wood construction may be replaced with concrete of not less than three (3) inches in thickness. Exterior wall protection shall be securely tied into the concrete floor at all points.

Business buildings constructed on piers having wooden floor sills greater than twelve (12) inches above the ground level shall have the intervening spaces between floor sill and ground protected against the ingress of rats by installing curtain walls in accordance with the preceding paragraph, or by protecting said business buildings against the ingress of rats by installing solid sheet metal coverage of twenty-four (24) gauge or heavier snugly around each pipe, cable, wire, conduit or other utility service passing through wooden ground floor. Said metal coverage shall not be less than eight (8) inches in diameter larger than diameter of pipe, cable, wire, conduit or other utility service, and shall be securely fastened to the wooden floor. All other openings in wooden ground floors through which rats may gain entrance into double walls or the interior of business buildings, such as openings that may exist in floors and double walls above floor sills, shall be closed with twenty-four (24) gauge or heavier solid sheet metal of sixteen (16) gauge or heavier wire cloth or of one-half (½) inch mesh or masonry or with concrete. Wood frame constructed business buildings having concrete or masonry foundation walls shall have ventilators in foundation walls protected as herein provided in Section (A) (d). All miscellaneous wall openings, door and windows shall be protected in accordance with this ordinance.

(B) Curb or farmers' markets in which fruit or vegetables or any other products are exposed and offered for sale, on racks, stands, platforms and in vehicles outside of business buildings, shall have floors paved with concrete or asphalt for the entire surface area of the market. Display racks, stands or platforms on which fruit or vegetables or any other food products are displayed or offered for sale shall be of sufficient height that all such fruits, vegetables or other food products shall be kept at a distance of not less than eighteen (18) inches above the floor pavement and be so constructed that rats cannot harbor therein or thereunder.

Section (3) That upon receipt of written notice and-or order from the Health Officer, the owner of any business building specified therein shall take immediate measure for ratproofing the building, and that unless said work and improvements have been completed by the owner in the time specified in the written notice, in no event to be less than fifteen (15) days, or within the time to which a written extension may have been granted by the Health Officer, then the owner shall be deemed guilty of an offense under the provisions of this ordinance.

Section (4) That whenever the Health Officer notifies the occupant or occupants, of a business building in writing that there is evidence of rat infestation of the building, said occupant or occupants shall immediately institute rat eradication measures and shall continuously maintain such meausres in a satisfactory manner until the premise is declared by the Health Officer to be free of rat infestation. Unless said measures are undertaken within five (5) days after receipt of notice, it shall be construed as a violation of the provisions of this ordinance and occupant shall be held responsible therefor.

Section (5) That the owners of all ratproofed business buildings are required to maintain the premises in a ratproof condition and to repair all breaks or leaks that may occur in the ratproofing without a specific order of the Health Officer.

Section (6) That from and after passage of this ordinance the Health Officer is empowered to make unannounced inspections of the interior and exterior of business buildings to determine full compliance with this ordinance, and the Health Officer shall make periodic inspections at intervals of not more than forty-five (45) days of all ratproofed buildings to determine evidence of rat infestation and the existence of new breaks or leaks in their ratproofing and, when any evidence is found indicating the presence of rats or openings through which rats may again enter business buildings, the Health Officer shall serve the owners or occupants with notice and-or orders to abate the conditions found.

Section (7) That whenever conditions inside or under occupied business buildings provide extensive harborage for rats (in the opinion of the Health Officer) said Health Officer is empowered, after due notification in accordance with Section (3), to close such business buildings until such time as the conditions are abated by ratproofing and harborage removal including, if necessary the installation of suitable concrete floors in basements or replacement of wooden first or ground floors with concrete or other major repairs necessary to facilitate rat eradication.

Section (8) That whenever conditions inside or under unoccupied business buildings provide extensive harborage for rats (in the opinion of the Health Officer) said Health Officer is empowered to require compliance with the provisions of Section (3) above, and, in the event that said conditions are not corrected in a period of sixty days, or within the time to which a written extension may have been granted by the Health Officer, the Health Officer is empowered to institute condemnation and destruction proceedings.

Section (9) That it shall be unlawful under the provisions of this ordinance for the occupant, owner, contractor, public utility company, plumber or any other person to remove and fail to restore in like condition the ratproofing from any business building for any purpose. Further, it shall be unlawful for any person or agent to make any new openings that are not closed or sealed against the entrance of rats.

Section (10) It shall be unlawful for any person, firm or corporation hereafter to construct, repair or remodel any building, dwelling, stable or market, or other structure whatsoever, unless such construction, repair, remodeling or installation shall render the building or other structure ratproof in accordance with the regulations prescribed herein and hereunder. The provisions of this Section apply only to such construction, repairs, remodeling or installation as affect the ratproof condition of any building or other structure.

Section (11) It shall be unlawful for any person, firm or corporation hereafter to occupy any new or existing business buildings wherein foodstuffs are to be stored, kept, handled, sold, held or offered for sale without complying with Section (10) of this ordinance; and unless the provisions of this Section are complied with no city license or permit to conduct or carry on such business defined above will be issued.

Section (12) That all food and feed within the City of Cameron, Texas for feeding chickens, cows, pigs, horses, and other animals shall be stored in rat-free and ratproof containers compartments, or rooms unless stored in a ratproof building.

Section (13) That within the corporate limits of the City of Cameron, Texas all garbage or refuse consisting of waste animal or vegetable matter upon which rats may feed, and all small dead animals, shall be placed and stored until collected in covered metal containers of a type prescribed by the Health Officer. It is further declared unlawful for any person, firm, or corporation to dump or place on any premise, land or waterway, any dead animals, or any waste vegetable or animal matter of any kind.

Section (14) That it shall be unlawful for any person to place, leave, dump, or permit to accumulate any garbage, rubbish or trash in any building or on any premise, improved or vacant, or on any open lot or alley in the City of Cameron so that same shall or may afford food or harborage for rats.

Section (15) That it shall be unlawful for any person to permit to accumulate on any premise, improved or vacant, or on any open lot or alley in the City of Cameron any lumber, boxes, barrels, bottles, cans, containers or similar materials that may be permitted to remain thereon unless same shall be placed on open racks that are elevated not less than eighteen (18) inches above the ground, and evenly piled or stacked.

Section (16) Penalty: Any person, firm or corporation who shall violate any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than One Hundred Dollars ($100.00). Each day's violation shall constitute a separate offense.

Section (17) Repeal Clause: All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict only.

Section (18) Savings Clause: If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portions of this ordinance shall not be affected thereby.

Section (19) This ordinance shall take effect immediately upon its passage, approval and publication, the matter being one of urgency and necessity and the public welfare requiring it.

Passed at a regular meeting of the City Council of the City of Cameron, Texas, on the 18th day of November A. D. 1947.

Approved on the 18th day of November, A. D. 1947.

A. W. McCULLIN,
Mayor of the City of Cameron, Texas

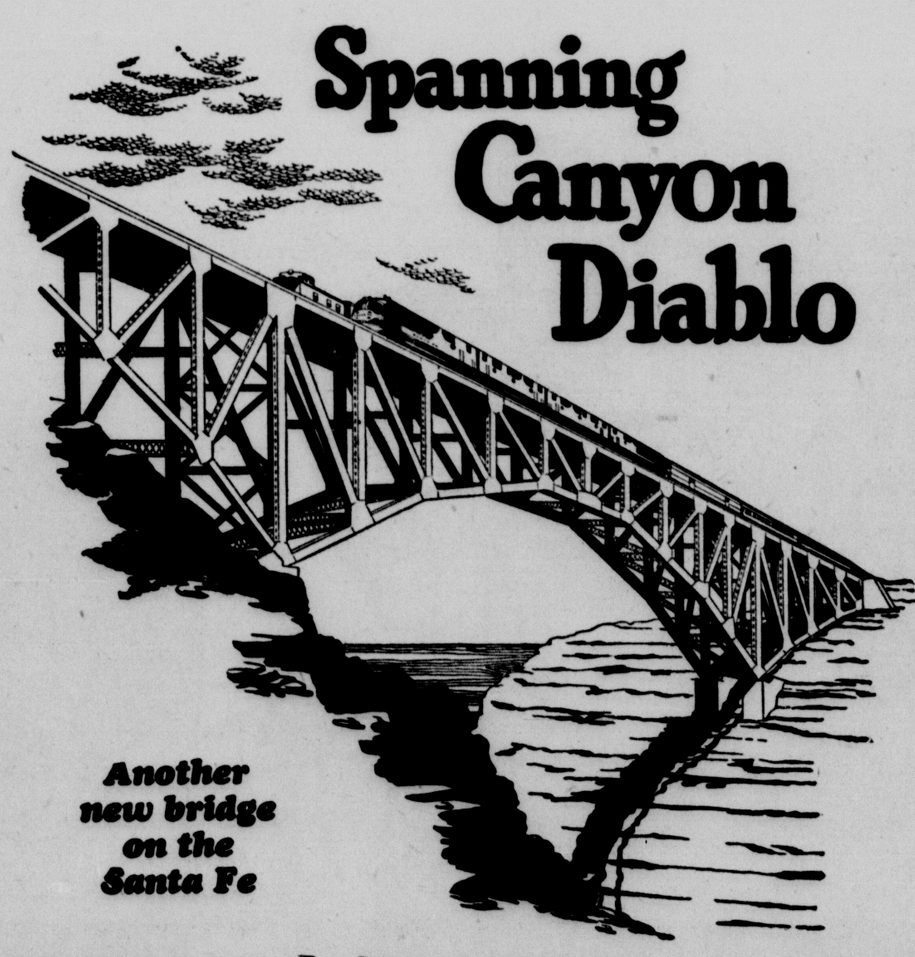
Spanning Canyon Diablo



Another new bridge on the Santa Fe

A new double-track steel bridge now spans Canyon Diablo (a giant gash 225 feet deep in the tableland of northern Arizona) on the main line of the Santa Fe between Chicago and California.

This new bridge, which replaces the old single-track viaduct, is 544 feet long, 32 feet wide at track level, and contains over 2,000 tons of structural steel.

The heaviest trains can cross it in both directions at once, and it's built to handle anything in rail traffic the future may bring.

Canyon Diablo Bridge is just a part of Santa Fe's continuing program of improvements—typical of the Santa Fe spirit of progress and initiative—to provide Santa Fe passengers with smoother riding, and Santa Fe shippers with more efficient freight handling. It is another good reason for traveling or shipping *"Santa Fe—all the way."*

Santa Fe

DRAYTON MCLANE NAMED HEAD OF PRESBYTERY

Nearly 100 churchmen attended the Central Texas Presbytery held Monday night at the First Presbyterian Church in Belton. The Presbytery extends from Corsicana to Austin, from Cameron to Burnet to Hamilton.

Those attending from Cameron was Rev. E. O. Harrell, pastor First Presbyterian Church, Mart Boehner and Drayton McLane.

Election of officers for the coming year was held. Drayton McLane is the new president; Winston Means of Waco, secretary; and Jack Titsworth, treasurer.

A turkey dinner was served at 6:30 by the Women's Auxiliary of the Belton Church. The meeting was in charge of Mr. Crews of Waco. Dr. W. B. Sullivan of Dallas, Dr. Cline of Dallas and Tom Gallagher each spoke briefly. Dr. James McCord of the Austin Theological Seminary spoke on "Evangelism".

PEANUT REFERENDUM TIME IS APPROACHING

Peanut farmers in Milam County will be receiving their 1948 peanut allotments within the next few days. This is being done in order to give the farmer a chance to see what his allotment will be, before the Referendum is held December 9.

If two-thirds of those voting in the referendum favor quotas, farm acreage allotments and quotas will be in effect for the 1948, 1949, and 1950 crops. All peanuts produced in 1948 on a farm that is not overplanted will be eligible for a loan or other price support at 90 per cent of parity. On an over-planted farm, only excess peanuts will be eligible for a loan or other price support, and at a rate of only 54 per cent of parity. Peanuts marketed in excess of the quota will be subject to a penalty at the rate of 50 per cent of the basis loan rate in effect.

If quotas are disapproved, the only support for the 1948 crop would be a program supporting the price of peanuts at 90 per cent of the comparable oil price, which is about one-half of 90 per cent of the parity price for peanuts.

Coaches Here Scout Mexia, Opponent For Yeomen In Regional

Coaches Leo Jackson and Dick Young were in Mexia Friday night to scout the game getween the Mexia team and Groesbeck.

It is practically certain that Cameron will meet Mexia in the regional game if they get by their bi-district game with Burnet.

Since McGregor won the 29-A district that team will play Mexia in the bi-district. If Coach Wood's team wins over McGregor then he will meet the champions of District 31-A.

The Mexia team ran over a weak Groesbeck team 33 to 0. The field was heavy and the ultimate in scouting could not be realized right now Coach Jackson is worried about the Gatesville game and the starting line of the Hornets looks very formidable, perhaps outweighing the Yoemen team, principally in the backfield and somewhat in the line.

WATERCRESS CANAPE

Cut bread in fancy shapes; soften butter and blend with it border of it around the edge, finely chopped watercress. Spread over bread and put a border of it around the edge, using a pastry tube. In the center place a small sprig of water-cress. Chill well before serving.

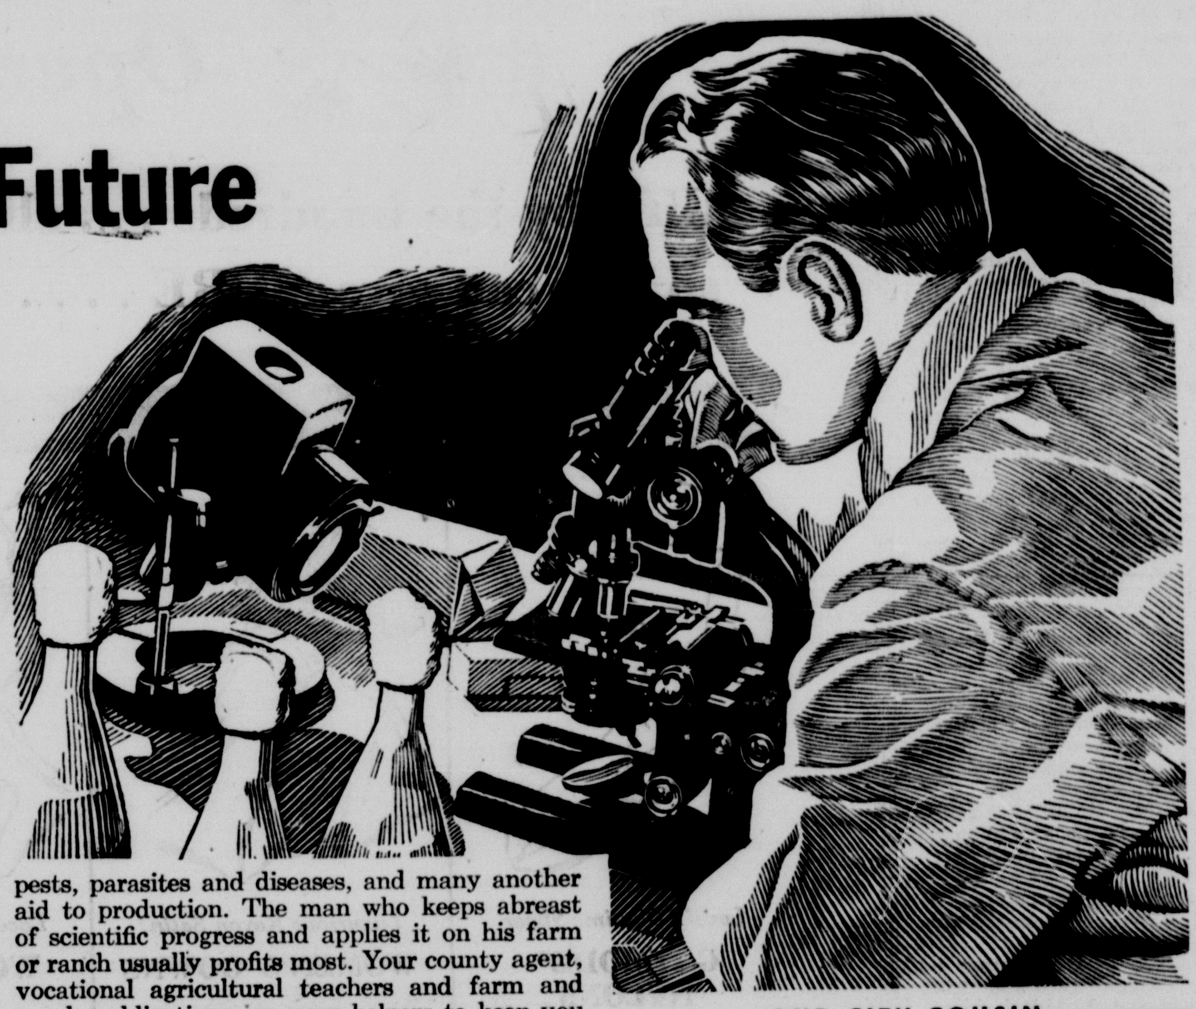
He's Looking into Your Future



The scientist in the agricultural laboratory is as truly a pioneer as our grandfathers who fought their way westward to the rich farmlands and the broad ranges of the west. He's looking into your future . . . seeing greater things! His findings, put to use by practical livestock men and farmers, are resulting in thriftier, faster-gaining cattle and lambs, grazing the Great Plains . . . higher yielding crops enriching the Corn Belt . . . new immunity from disease for your livestock. He is pioneering a better and more abundant life for you through new markets for your output, improved products for you to sell.

Miracles like hybrid corn seldom happen by chance. Into its development went more than 30 years of patient research. It cost federal and state governments about ten million dollars. Experiments on individual farms cost unknown amounts. But last year alone hybrid corn added more than $750,000,000 to farm income. Thanks to research, we now have such chemicals as DDT. Chemists searching for an insecticide to protect our armed forces from malarial mosquitoes found this potent bug killer. Already, DDT has made livestock producers many extra millions through increased production of meat and milk from fly-free herds. One ranch reports an extra ton of beef for every pound of DDT used. What a return on a half-dollar investment!

There are similar thrilling stories being written in every phase of agriculture. Many of the new developments come from colleges and experiment stations (largely financed by taxes paid by individuals and business) or from laboratories supported by private industry. From them you get improved varieties of crops, better control of pests, parasites and diseases, and many another aid to production. The man who keeps abreast of scientific progress and applies it on his farm or ranch usually profits most. Your county agent, vocational agricultural teachers and farm and ranch publications are your helpers to keep you abreast of latest research information.

Swift & Company, for many years, has engaged in extensive research on agricultural products. It enables us to develop new products; to improve existing ones; *to produce better nourishment for your family, your livestock and your crops.*

From the Editor's Notebook

Since the days of the Pilgrim fathers, Thanksgiving has been a heart-warming day for American families. This year we, more than any other nation, have cause to be thankful for an abundant harvest. In helping to feed America, we are thankful that we can add *our* efforts to those of the hard working farm and ranch families who produce our food.

* * *

If you plan to visit the International Livestock Show in Chicago, November 29 to December 6, plan also to visit us at Swift & Company. Competent guides will gladly show you along the Visitor's Route through our plant. All of us in the Agricultural Research Department cordially invite you to drop in for a chat. *We'll be looking for you!*

* * *

Producers who attend the International Livestock Show, particularly those who come in from distant points, will quickly realize why the livestock-meat industry *needs* nationwide meat packers, like Swift & Company. Two-thirds of the nation's livestock is produced west of the Mississippi River, but two-thirds of the meat is eaten east of the Mississippi. This means that, on the average, there is a gap of more than 1,000 miles between major producing areas and major consuming centers. There has to be somebody to bring the producer and the consumer together. Helping to bridge that gap between the western range and the kitchen range efficiently and economically is one of the chief services performed by Swift.

Size of Business

by J. L. Tennant
Rhode Island State College

J. L. Tennant

A farm business should be large enough to pay operating costs, interest on the investment, and family living expenses. A southern New England dairy farm, for example, should have at least 18 cows per man; a poultry farm, 1,500 layers; a market-garden farm, 10 acres; a potato farm, 40 acres; and an apple farm, 20 acres.

Doing more business with the same capital investment is one way to lower costs and higher profits. With the larger business, the operator can spend more of his time at productive work. For example, workers on a dairy farm with 9 to 10 cows per man will be just as busy as on a farm with 15 to 18 cows per man. The gross sales and net income on the larger operation will be much higher because more of the time is used in producing milk. Reducing costs per unit puts the farm operator in a stronger competitive position.

If more crop land cannot be bought, perhaps it can be rented. Another plan is to check means by which crop production *on present acreage* can be increased. Ways to do this include: the use of lime and fertilizer; winter cover crops; higher yielding varieties; double cropping; drainage and terracing.

Another step toward efficiency is to install modern equipment which enables one person to produce more per hour. Overhead costs per unit of product can be lowered when each machine is used profitably for as many hours as possible.

OUR CITY COUSIN

Old Tom heard City Cousin say—
"What a meal for our Thanksgiving day!"

Track Down the Facts

Old Ringtail, the racoon, holes up in hollow trees. He's hard to track down without trained 'coon dogs . . . similarly, there are some hard-to-locate facts about any business. But no one needs any special "fact hunting" ability to get all the facts about what determines livestock prices.

A recent top price for beef steers on a midwest market was $35, with an average of near $30; best lambs, $23.50, average $23, and hogs were selling up to $30, with a $27 average. These prices for livestock are unusual but, in general, they are due to the demand for meats being greater than the supply. They reflect what the consumer is willing and able to pay for meats. All farmers and ranchers should remember these basic facts, whether prices are high or low. The price producers receive for their livestock is governed by what the packer can get for the meat and the by-products.

Martha Logan's Recipe for

TURKEY A LA KING (Yield: 6 Servings)

2 cups diced cooked turkey
¼ cup butter
4 tablespoons flour
2 cups top milk
1 teaspoon salt
⅓ cup chopped green pepper
1 cup sliced mushrooms
2 tablespoons butter
3 tablespoons chopped pimento
2 egg yolks
buttered toast

Make a white sauce of the butter, flour, milk, and salt. Sauté green pepper and mushrooms in the two tablespoons of butter. Add green pepper, mushrooms, pimento, and turkey to sauce. Heat slowly five minutes. Stir to prevent burning. Stir in beaten egg yolks. Serve on buttered toast.

Two Suspects Are Released In Bank Robbery Case Here

Texas Rangers were msitaken here in the arrest of two local men as suspects in the robbery of the First National Bank in Rosebud.

Both men have been released and it was understood exhonerated of any part in the crime.

One man lives in Cameron and the other in Rockdale. Both were taken into custody early this week by Rangers.

Another clue was said found in the case and now the officers are following the lead.

VOTE ON

PEANUT MARKETING QUOTAS

DECEMBER 9th

WHO IS ELIGIBLE?

Any peson who shared in the proceeds of peanuts poduced in 1947 on a farm on which the 1947 acreage of peanuts picked or threshed is more than one acre. This includes, owners, tenants, and sharecroppers sharing in the proceeds of the crop. Each eligible voter is entitled to one vote.

Your County ACA Office will announce the voting places and other important information.

A WEIGHTY QUESTION

Should Farmers Vote for Marketing On Their 1948, 1949 and 1950 Peanut Crops?

IF FARMERS VOTE FOR QUOTAS — Full 90-per-cent-of-parity loans or purchases will be in effect for the 1948 peanut crop. All farmers who plant within their allotments will be eligible for this support.

IF FARMERS VOTE AGAINST QUOTAS—There will be no price supports for edible peanuts. Only oil peanuts can be supported, and at about 45 percent of the parity price for edible peanuts.

New Home Built From Kindling

Man Uses 26,000 Blocks, Adds Cement Roof; Job Done in Spare Time.

BURLINGTON, IOWA. — Sixty-four-year-old E. C. Etchison didn't let the housing shortage get him down. Single-handed he went to work and built a brand new home, 45 "blocks" long and 33 "blocks" wide.

Neighbors call it the "Kindlelow," because it is a bungalow made from kindling.

The dwelling was constructed from eight-inch square blocks sold by a local lumber yard as firewood. Etchison and his wife were living at their daughter's home two years ago when he conceived the idea of building a place of his own.

But materials were scarce and high-priced. Then Etchison learned that the lumber yard had thousands of good white pine blocks. They had been purchased originally by the huge Iowa ordnance plant here during the war for use in shipping fuses and other ordnance parts. Etchison decided to build a "block house" when the lumber yard offered him all he wanted at $6 to $8 a ton.

Two Years Later, a Home.

He began in August, 1945, working in his spare time.

Two years and 26,000 wooden blocks later—he used 22 tons altogether—he had a complete three-room house, a garage, a brooder and a henhouse for the family's flock of 100 chickens.

His "Kindlelow" is a home many a young bride, weary of cramped wartime housing, would love to move into.

"I designed the place as I went along," said Etchison. "The only help I had was from my wife. There wasn't any waste. Any blocks that couldn't be used for building made good firewood."

Among novel features of the "Kindlelow," which measures 22 by 30 feet, is a cement roof. Etchison, a cement finisher, rebelled against buying conventional roofing material because of its expense.

"The cement roof is standing up well," he said, "and we don't have to worry about the block walls warping out of shape either. The wood is well seasoned. The house'll last as long as we have any need of it."

The Etchisons lived in the garage while the "Kindlelow" was rising and Mrs. Etchison bordered it with 25 kinds of flowers.

"We moved in and had our first meal here last Mother's Day," said Mrs. Etchison. "I call it our 'dime house' because every time we got a dime we invested in another section of wall."

Made Nice Floor.

The blocks were cemented and nailed together. Sanded, stained and varnished, they made a beautiful parquet floor. Etchison doesn't think his "Kindlelow" will ever really be finished. He still has a pile of several hundred blocks and wants now to add a front and back porch and other units.

"I never built a house before," he smiled, "but I've done considerable patching."

He estimated that altogether he had spent between $2,000 and $3,000 on the house and its buildings.

"People wouldn't think it would run that much," he said, "but kindling costs money, too, nowadays. And you have to buy all kinds of other things."

The Etchisons live alone in the "Kindlelow" with Shrimp, their spitz dog and "two or three cats that stay around."

"Our seven children are all married and gone," said Mrs. Etchison. She likes to show her home to visitors who come many miles to see it. And she is proud of a remark made by one elderly visitor about Etchison's handiwork:

"It just goes to show what you can do if you really want to."

Haircut and Shave Problem Was New One to This Barber

RACINE, WIS. — Racine police were asked to settle an argument related to the old ditty about the price of a shave and a haircut.

A barber told officials a customer entered his shop and asked for a shave. The barber told the man he would shave him if he also had a haircut.

The man had his haircut, and was shaved.

But he refused to pay the price of the haircut, arguing he wanted only the shave. Then the barber called police.

Authorities sighed and told the barber he'd have to see his attorney.

Soviet Restricts Duty-Free Food for American Embassy

WASHINGTON. — Russia has restricted the amount of goods United States diplomats may import into the U.S.S.R. duty free and this may force a reduction in the Moscow embassy staff, Ambassador Walter Bedell Smith said. Smith, who returned from Moscow for "routine consultations," told newsmen the new rules may curb shipments of food for the embassy staff. He added, however, that talks on relaxing the regulations have been "satisfactory."

Liberty News

Mrs. Kate Miller and son, Delmor of Houston spent the week end with Mrs. Doll Hartley.

Mr. and Mrs. Charlie Robinson and daughter shopped in Waco Wednesday.

Mrs. Alma Hilderbrant has moved to Houston to make her home.

Mr. and Mrs. James W. Hartley and son of Houston visited in the home of their parents the past week end.

Mr. and Mrs. R. D. Wise are the proud parents of a little daughter. Also Mr. and Mrs. H. Reese have a new daughter.
